

Kumurika nk'itara

Kw'isi

Na

Mark McGee

“Kubera iyo mpamvu, mukundwa, nk'uko wahoraga wumvira, atari nko mu maso yanjye gusa, ariko noneho cyane cyane iyo ntahari, kora agakiza kawe ufite ubwoba no guhinda umushyitsi. Erega Imana niyo ikorera muri wewe kubushake no gukora ibinezeza. Kora byose utitotomba kandi utavuguruzanya: Kugira ngo mube abere, mutagira inenge kandi mutagira icyo mutwara, bana b'Imana, nta gucyaha, hagati y'igihugu kigoramyeye kandi kigoramyeye, muri mwe mubamurikira nk'umucyo ku isi; Gukomeza ijambo ry'ubuzima; kugira ngo nishimire ku munsu wa Kristo, ko ntirutse ubusa, cyangwa ngo nkore ubusa.” Abafilipi 2: 12-16

Imana ishaka ko abakristo bumva akamaro k'uruhare rwabo mwisi. Arimo akora ubushake bwe binyuze muri twe. Turi abahungu n'abakobwa b'Imana tuba hagati y'igihugu kigoramyeye kandi kigoramyeye. Imana ifite icyo ibwira iyi si kandi irabivuga binyuze muri twe!

Pawulo yandikiye abakristu bo muri Filipi kubera ko umucyo bamurikiraga mu isi yabo utari mwiza cyane nkuko byakagombye cyangwa bikwiye. Bitandukanye n'andi matorero amwe n'amwe Pawulo yanditse, Abafilipi ntibari bahuye n'ibyaha by'imibonano mpuzabitsina cyangwa ngo bagwe mu mutego w'Abayahudi. Ariko, bahuye nikintu kibi nkicyaha icyo aricyo cyose cyuwo munsu; batakaje ubumwe bwimiryango yabo.

Pawulo yabivugiye bikomeye ubwo yabibukaga ko bamurika nk'itara ku isi. Pawulo yakoresheje ijambo ry'ikigereki phainesthe asobanura abakristu b'Abafilipi. Ni mu majwi atuje kandi bisobanura ngo "baragaragara, bagaragara." Abizera baba i Filipi (n'ahandi hose kubwicyo kibazo) bagaragara nkabantu badakijijwe nk "amatara mwisi." Ijambo amatara nijambo fosteres. Bisobanura "urumuri, inyenyeri, umucyo wo mu ijuru." Abakristo bagaragara nk "inyenyeri" kubadakijijwe kwisi. Intumwa Pawulo na Yohana buri wese yakoresheje ijambo

rimwe mumabaruwa yabo. Yohana yakoresheje foseri mu Byahishuwe 21:11 asobanura Umucyo ucana Yerusalemu Nshya. Yohana yamenye ko Umucyo ari Yesu Kristo. Umucyo umwe uzamurikira Umujyi mutagatifu w'ijuru ni Umucyo umwe abadakijijwe babona mu bakristo!

Abakirisitu b'Abafilipi babonwaga nk '“amatara” hagati y' “igisekuru kigoramyeye kandi kigoramyeye.” Nibisobanuro byabantu babayeho mu kinyejana cya 1 A. - bigoramyeye kandi bigoramyeye (bigoramyeye, bigoretse, bigoretse). Twaba tumenze neza nyuma yimyaka 2000? Ntabwo ntekereza ko. Umutima wumuntu uragoramyeye kandi uragoramyeye kuva Adamu yashira ubwoko mubyaha mummyaka ibihumbi ishize. Abakristu muri iki gihe bakomeje kugaragara nk'amatara mu gisekuru kigoramyeye kandi kigoramyeye.
